On cover:

St. Jude patient **Winston**, brain cancer
Art by St. Jude patients **Kenadie, Alanna,
Javier, Shaurya** and **Ty**

A hopeful future

If you close your eyes, can you imagine a future where all childhood cancers have a cure? One where little girls and boys wouldn't have to endure rounds and rounds of chemotherapy and radiation therapy. A time when children could play without IV tubes in the way. A future where precious lives aren't cut short. That's what our founder, Danny Thomas, dreamed of. That's the future we're working toward here at St. Jude Children's Research Hospital®.

Children are diagnosed with cancer each and every day. In fact, it's the leading cause of death by disease in children under the age of 14 in the United States. Right now, while you're reading this, a family could be hearing, "Your child has cancer."

But in that same moment, St. Jude researchers and scientists are hard at work searching for cures. With friends like you by our side, we know we can do it. And when we reach the future -- where all childhood cancers have a cure -- it'll be thanks to friends like you.

We hope you enjoy the 2026 St. Jude Calendar, and that it reminds you daily of the impact you have on the children in our care and our search for cures. Thank you for your dedication to our mission.

Charlie's St. Jude Story

Charlie's mom had been to St. Jude before -- her older sister was treated at St. Jude for two types of childhood cancer. Unfortunately, she passed away on Christmas Day 1986 at just 10 years old.

So when Charlie was diagnosed with bone cancer at 10 years old, his family was devastated, but they knew where to turn: St. Jude. "I had to put my trust in St. Jude that his outcome was going to be better than my sister's outcome," said Charlie's mom.

Charlie was referred to St. Jude, where he underwent surgery to remove the tumor and multiple rounds of chemotherapy. Today, he has no evidence of disease and is now 15 years old. Thanks to the support of friends like you, families like Charlie's never receive a bill from St. Jude for treatment, travel, housing or food. **"If the donors did not exist, then there would be no St. Jude,"** said Charlie's mom.

"We are so thankful for St. Jude and so full of gratitude for anybody that would give to St. Jude," Charlie's mom continued. **"What greater present can you give than to give to St. Jude and save the lives of children?"**

Every dollar makes a difference

\$19 

Join the Partners In Hope® family with a gift of \$19 a month and receive a St. Jude T-shirt. Visit stjude.org/monthlygift to make your donation online.

\$25 

Could help St. Jude provide **one day of meals** for a patient.

\$50 

Could help St. Jude cover the cost of **13 IV bags**.

\$100 

Could help St. Jude provide **15 medical teaching dolls** for patients. Child Life Specialists use dolls and real medical equipment to teach patients about procedures to make them less intimidating.

\$250 

Could help St. Jude cover the cost of **one day of oxygen** for a St. Jude patient.

Items listed here are representative of services and supplies that are part of the treatment and care of children at St. Jude. The cost of each item or service is an approximation and will vary based on actual costs incurred and individual patient needs. Your donation will be used for general operating needs in support of the St. Jude mission: Finding cures. Saving children.® For solicitation disclosures, please see stjude.org/legal.

Scan the QR code or visit stjude.org/whoyouhelp to read more about who you're helping or make a donation.
