

St. Jude Children's Research Hospital® Quick Facts & Figures

St. Jude Children's Research Hospital is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases. We are working to drive the overall survival rate for childhood cancer to 90 percent, and we won't stop until no child dies from cancer.

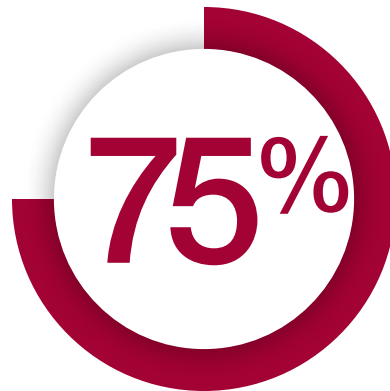

Townes,
medulloblastoma

Jordyn,
acute lymphoblastic leukemia

Jesus,
desmoplastic small
round cell tumor

The daily operating cost of St. Jude is \$2.2 million. **Approximately 75% of the costs of St. Jude are covered by public contributions.**

Treatments invented at St. Jude have helped push the overall childhood cancer survival rate **from 20 percent to above 80 percent** since we opened more than 50 years ago.

20% IN 1962

80% TODAY

Families never receive a bill from St. Jude for treatment, travel, housing or food—because all a family should worry about is helping their child live.

THERE ARE GREAT HOSPITALS, RESEARCH INSTITUTIONS, AND CHARITIES.

AT ST. JUDE, WE ARE ALL THREE.

HOSPITAL

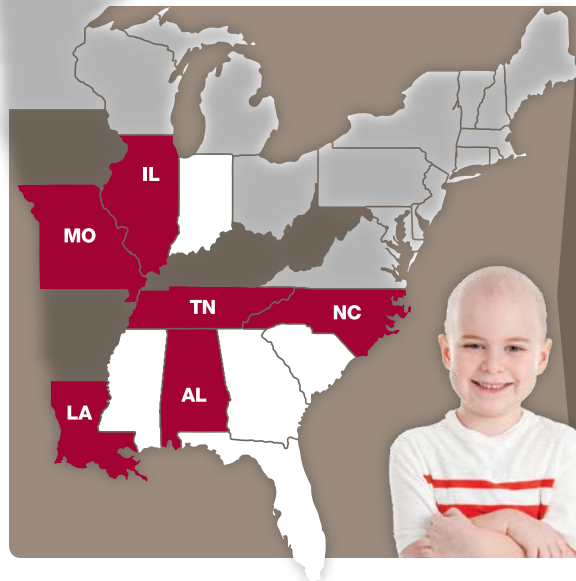

St. Jude sees **more than 7,800 kids each year** and provides **hundreds of free consultations** for doctors worldwide.

RESEARCH INSTITUTION

St. Jude conducts **more clinical trials for cancer than any other children's hospital** across the U.S. and around the world.

CHARITY

Because the **majority of St. Jude funding comes from individual contributors**, St. Jude has the freedom to focus on what matters most **saving kids regardless of their financial situation.**

ST. JUDE AFFILIATE CLINICS

Between his checkups at St. Jude in Memphis, Cub receives treatment for acute lymphoblastic leukemia close to home, at the St. Jude affiliate clinic in Peoria, Illinois.

St. Jude FREELY SHARES discoveries, so every child saved at St. Jude means doctors and scientists worldwide can use that knowledge to save thousands more children.

CURE4KIDS.ORG

The St. Jude International Outreach Program hosts an interactive website, **Cure4Kids.org**, to provide physicians around the world with a free online meeting place for clinical discussions of childhood cancer.
