

RALLYING TO HELP SAVE KIDS.

At St. Jude, when a patient finishes chemotherapy treatment, family, friends and staff come together to celebrate with a No More Chemo Party.

There's even a song to mark the occasion.

**St. Jude Children's
Research Hospital**

Finding cures. Saving children.

St. Jude patient Azalea, age 3, rhabdomyosarcoma

St. Jude patient Maby,
age 5, blood cancer

Our patients have the cutest
S-M-I-L-E

Our patients have the sweetest
H-E-A-R-T

Oh, we love to see you every day,
but now's the time we get to say
pack up your bags,
get out the door,

you don't get chemo anymore!

St. Jude
No More Cancer Rally
