

How Saddle Up for St. Jude Works

Saddle Up for St. Jude® is a family-oriented, fundraising event that can consist of trail rides, horse shows and other equestrian activities, in support of St. Jude Children's Research Hospital®. Horse enthusiasts and the general public alike join together to hold Saddle Up for St. Jude events across the country to help in the hospital's mission - Finding cures. Saving children.®

Get Your Community Excited

- Rally your community, family and friends together for your upcoming event.
- Get local businesses involved by sponsoring your Saddle Up event.
- Raise awareness for St. Jude Children's Research Hospital by promoting your event on social media. Use the official hashtag **#saddleupforstjude**.
- Raise support by logging on to your Saddle Up for St. Jude event website and setting a fundraising goal.
- For more information call 1-800-567-0675 or visit **stjude.org/saddleup**.

St. Jude patient Gracie, age 5,
acute lymphoblastic leukemia

Meet Gracie

When Gracie didn't want her belly touched, her mom knew she was sick. She was so sick, she went to a special hospital called St. Jude Children's Research Hospital® Gracie is still visiting St. Jude to get better, but she doesn't mind because she loves her doctors and nurses so much. She loves to dance and sing and wants to be a nurse when she grows up.

St. Jude patient Gracie with her mother

About St. Jude

- Families never receive a bill from St. Jude for treatment, travel, housing or food – because all a family should worry about is helping their child live.
- Treatments invented at St. Jude have helped push the overall childhood cancer survival rate from 20 percent to more than 80 percent since the hospital opened more than 50 years ago. St. Jude is working to drive the overall survival rate for childhood cancer to 90 percent, and we won't stop until no child dies from cancer.
- St. Jude freely shares the breakthroughs it makes, and every child saved at St. Jude means doctors and scientists worldwide can use that knowledge to save thousands more children.
