- **Families never receive a bill from St. Jude Children's Research Hospital®** for treatment, travel, housing or food—because all a family should worry about is helping their child live.
- **Treatments invented at St. Jude** have helped increase the overall childhood cancer survival rate from 20% to more than 80% since we opened more than 50 years ago. We won't stop until no child dies from cancer.
- **Because St. Jude freely shares our discoveries**, every child saved at St. Jude means doctors and scientists worldwide can use that knowledge to save thousands more children.
- **St. Jude conducts more clinical trials** for childhood cancer than anyone else.
- **St. Jude is where doctors often send their toughest cases**, because St. Jude has the world's best survival rates for some of the most aggressive forms of childhood cancer.
- **St. Jude treats children** from all 50 states and around the world.
- **Because a majority of St. Jude funding comes from generous donors**, St. Jude has the freedom to focus on what matters most—saving kids regardless of their financial situation.
